Kiker Krew

CDC Philosophy

Our qualified staff members create a safe, caring and supportive environment full of enriching recreation opportunities. Our organized group activities give students a chance to socialize with others, strengthen friendships and even

make new ones. We provide Homework/Journal time where the staff assists students with homework, and we have club/center time where students engage in interactive and challenging activities. Examples of our clubs include sports, drama, sewing, jewelry making, art, etc... There is definitely something for everyone!

Our philosophy is to make each afternoon fun and exciting. Our students have been in school all day, and we believe in engaging mind and body by providing outside time to run and play combined with mentally engaging activities. Our program has been a huge success! The children and parents love what we are doing and we invite you to visit us any afternoon at the Kiker, Clayton, or Baldwin cafeteria.

On Site

Our Mission

The underlying goal of our afterschool programs is to provide quality supervision to children pre-k through 5th grade. Furthermore, we believe in promoting the social and emotional development of our school age children. We provide an environment that encourages creativity and independence while establishing clear limits and behavioral expectations
